

FOR A SAFE AND SANE CHRISTMAS

On the day after Christmas, 1948, at Richmond Hill, Ontario, five-year old Harold Slater tripped over an electric light cord hooked up to a Christmas tree and a spark flashed into a dry branch. Billowing smoke from the fierce fire that followed killed the little boy and a nine-year old companion.

On the day after Christmas, 1949, at Billings Bridge, Ontario, the Christmas tree in the home of E. J. McEwan exploded into flames, sending three of the seven members of the family to hospital in critical condition.

On the day after Christmas, 1950 - or the night before - or on the great day itself - will a blazing tree bring tragedy to your home?

To avoid a Christmas catastrophe, here are a few simple suggestions:

Keep the tree outside until a few days before Christmas. When you bring it in, keep it moist by cutting the trunk on a diagonal and placing the base in water. Shut off nearby radiators.

Never use lighted candles.

Check the electric wiring for worn spots and loose connections. Don't overload the circuits. Be sure none of the electric bulbs touches a branch. Turn off the tree lights when you leave the house or go to bed.

Remove accumulations of gift wrappings from around the tree. Use only fireproof decorations, never cotton or paper.

And finally, get rid of the tree by New Year's Day.

A WORD OF CAUTION!

For a safe and happy Christmas season, motorists are asked to use care and caution when driving. If you drive, don't drink. If you drink, don't drive.

NORTH CAMP SNACK BAR HOURS

On Sunday, December 24th, the Snack Bar will be open from 11:30 till 1:30 p.m. and from 6:00 till 8:00 p.m. ONLY and on Christmas Day it will be open from 12:15 to 1:15 p.m. and from 5:15 to 6:15 p.m. ONLY.

BOWLING ALLEYS

The alleys will be closed all day Sunday and Monday, December 24th and 25th, as will be the South Camp Snack Bar.

BUS SCHEDULE FOR CHILDREN'S PARTY

Commencing at 1:30 p.m., the Company bus will leave the corner of Hudson and Selkirk and make its regular route through the Townsite to transport the wee tots to the Recreation Hall. It will also make further trips at 20-minute intervals until the job is completed.

All children of school age are asked to walk over to the Recreation Hall in order to make room in the bus for the smaller children and their parents. In this respect we would ask the parents to refrain from attending the party unless absolutely necessary, due to limited accommodation in the Recreation Hall.

NEW 300-DAY SAFETY CONTEST COMMENCESJANUARY 10th.

Elsewhere in this issue of the Terrace Bay NEWS there appear the rules of a new 300-Day Safety Contest, which will commence immediately at the close of the present 200-Day Contest scheduled to end at midnight on January 9th. The contest will be conducted along lines very similar to those which governed the operation of the present contest, as it was felt by the Contest Committee and the Accident Prevention Committee that the idea of having each unit compete only against itself was by far the best principle by which to operate a local safety contest at the present time.

An added feature of the new contest will be payment of a special bonus to all units completing 500 safe days by the closing date of the contest, which is November 5th, 1951.
