Don Porter, Mill Manager,  
LongLac Pulp and Paper Co.,  
Terrace Bay, Ontario.

Being on travel in Memphis does not stop me from thinking about the Safety Party at Terrace Bay. Know the 100 days without an injury was a pleasant experience for everyone. My congratulations. Sorry I can not be there.

D. C. Porter,  
Mill Manager,  
LongLac Pulp and Paper Co., Ltd.

Dear Don:

I want to extend my congratulations to you, your staff, the safety committees and to every individual of the mill for the recent accomplishment of 109 consecutive days without an injury. Hope the 100 Day Safety Party is a pleasant gathering.

The LongLac mill gang did a fine job in winning the contest over Spruce Falls.

May each person carry the principles of accident prevention with him during 1951 so there will be less suffering because accidents hurt.

INDUSTRIAL RELATIONS DEPARTMENT,

(Signed) Al Johnson,  
Safety Supervisor,  
Kimberly-Clark Corporation.
