

THE GUNNERS COLUMN

With our regulars appearing on parade steadily, we have launched a blitz campaign to have our basic training completed by spring so that we shall be ready to go out on schemes. Last Tuesday night we had two excellent films that featured the treatment of wounds and burns and first-aid in the battlefield. An attempt is being made to tie in the showing of these films with our practical training programme and in this respect we expect to take full advantage of the well-stocked film library that is at our disposal.

With the announcement that conscription will not become law, it lays more emphasis on the fact that all members of the Reserve Army must become fully trained soldiers ready to step into an emergency. We still have a need for drivers, signallers and gunners to bring us up to strength. All new recruits will be given a cordial reception.

The following is a list of personnel who will be leaving on the 15th to attend the winter camp at Esquimaux:

WO II Zyri, A.; Sgt. Willis, B.; Gunnars Arsenault, J.; Valiquette, E., Powers, V., Nesbitt, M., Van Koughnett, A.

All ranks are reminded that pay parade will be held on Tuesday, February 20th.

MEDICAL NOTICE

As most people have read in the papers, our country is suffering from an outbreak of influenza which may seriously involve our town at any time.

Everyone is advised to report to either the Plant Nurse or the Hospital any symptoms such as diarrhea, vomiting, unexplained fever or dizziness and generalized aches and pains.

To protect yourself, avoid crowds, dress intelligently and avoid fatigue.

Dr. D.J.M. McCausland.

LEGION LCG

The next Legion "Bingo" will be held on the second Friday in March and the "Snowball" is now worth \$45.00 for anyone filling 2 lines on 29 calls, so some lucky person is bound to take it home on the night of March 9th. It was so close last Friday that some people have gray hair now, so we'll see you there for the next one.

There will be a general Legion meeting in the Legion Hall on Monday, Feb. 19th, at 7:30 p.m. and all members are requested to attend.

AUTOMATIC CIGARETTE LIGHTER CAUSES FIRE

Forest Hill Fire Department extinguished about midnight on January 16 a fire which originated in a clothes closet in a Forest Hill home and caused considerable fire and smoke damage; the amount of loss as yet undetermined. The fire originated from a cigarette lighter in the pocket of a jacket placed in the closet. The lighter which operates from pressure on the lighter case as it closes, by tripping the lighter mechanism, is known as "American Beauty" made by Elgin American and was recently purchased in the United States. It bears manufacturer's trade labels "Magic Action" and "Case-o-matic".

The circumstances of this occurrence indicate the hazard created from either failure to close the case to a locked position or any failure of the tripping mechanism which allows the metal covering of the wick to open.

Terrace Bay Fire Dept.
