

KNOW YOUR BENEFIT PLANS

(No. 1 of a series of articles giving LongLac Pulp and Paper Co. Ltd., employees interesting information and sidelights on the various benefit plans in force at the Terrace Bay Mill, Offices, Hospital and Hotel.)

Do you know that in addition to your being able to enter any recognized hospital in Ontario, your Blue Cross Certificate now "HAS WINGS"?

By joining the Blue Cross Commission's Inter-Plan Service Benefit Bank effective January 1st, 1951, the Ontario Blue Cross Plan made its subscribers' Certificates acceptable in about 5,000 participating hospitals throughout Canada and the United States.

The Ontario Blue Cross Certificate has proven itself a world traveller accompanying many subscribers and dependants who have been far from home and suddenly found themselves in need of hospital care due to unexpected illness or accident. In cases like this, it is comforting to know that Blue Cross protection will be provided. When a long distance is involved, it is usually necessary to pay the hospital concerned and apply to the Plan for reimbursement in accordance with terms and conditions of enrolment.

Payment for hospitalization of this nature has been made for care received in England, Scotland, Ireland, France, Italy, Greece, Africa, China, Norway, Sweden, India, Bolivia, Argentina, Chile and countless other places including RUSSIA.

Yes, the Blue Cross certificate has "been around" and will no doubt continue to wend its way from country to country.

In addition to successively outlining such information about each and all of our Benefit plans as the Personnel Department considers interesting, questions of general interest may also be submitted for answer in the columns of the Terrace Bay News. Such questions should be addressed to the Employment Supervisor.

KIWANIS ICE CARNIVAL ENJOYED

The Ice Carnival sponsored by the Kiwanis Club of Terrace Bay under the direction of Herman Roberts Committee was an outstanding success.

The day was all that could be desired and though the state of the ice hindered the style of some of the participants, it added to the interest and amusement of the spectators, especially during the broom ball game.

The afternoon's sports got under way with a broom ball game, in which the contending captains were Ray Williams and Paul Boudreau. Had some of the players been equipped with pontoons they might have made their landings a little more graceful; however their contortions in the slush evoked peals of laughter from those on the sidelines who were in no danger of falling. After a hard fought battle a decisive victory was won by Ray Williams aggregation.

A program of races was enthusiastically entered into by the kiddies, the results of which were as follows:

Prize Winners in the Skating Races

Boys up to 6	1st :	Douglas McKay
Boys 7, 8 & 9	1st :	Joey Wig
	2nd:	Richard Jeanneret
Girls 7, 8 & 9	1st:	Julie Anne Stachi
