TERRACE BAY EXPANDS

Additions and improvements in our Townsite that are planned to be completed this year will cost in excess of three quarters of a million dollars. A large portion of this figure, approximately one half of a million dollars, will be borne by the Longlac Pulp and Paper Co. Ltd., and the balance will be an Improvement District expenditure.

Included in this vast investment by Longlac Pulp and Paper Co. is the construction of 35 new houses to be built West of the Hotel. These houses are expected to be ready for occupancy by Christmas of this year. Construction of the new Hospital has commenced and already the footings are ready for the pouring of concrete. Stead and Lindstrom of Fort William are the contractors for this project. It is expected that landscaping of some of the house lots will start shortly and the aim for this year is to complete, if possible, the lawns for those houses built in 1946. Another item that is presently receiving attention, is the completion of the upstairs portions of the four-roomed houses. Present appropriations call for the completion of 11 such houses. Improvements will also be made to the Ball Diamond in the South Camp and it is anticipated that a new ball field will be built on the present school playground. It is hoped that this latter item will be ready for use by the end of June. Approval has also been recently received for the completing of the Ladies and Gentlemen's Beverage Rooms in the Hotel.

On the Improvement District side of the ledger, we have the opening up of a

OF INTEREST TO HOUSEWIVES

The Babaian Rug Company of Port Arthur will be in Terrace Bay sometime during the first half of May to do some work for the Company and are interested in knowing how many of our residents are interested in availing themselves of this opportunity of having rugs or chesterfields cleaned at that time.

Their prices for these services are as follows: Rugs - .08¢ per square foot; Chesterfields only - \$8.00 - 9.00; 2 piece suite - \$12.00 - 13:00; 3 piece suite - \$15.00 - 16:00.

Any persons interested in having this type of work done are asked to contact Bill Louk at the mill at Local 33.

SPRING CLEAN-UP

This is Spring Clean-Up time! During the long winter months, the snow has covered up a lot of rubbish that is certainly an eyesore once it is uncovered, in addition to being a terrific fire hazard. If each and every one of us will take time to get out that old garden rake and do a real clean-up job around the house, then we have a chance of making this little town of ours look the way it is intended to look. Just leave the rubbish piled neatly out where you would normally leave your garbage cans and during the week of May 7th, the Service Department will see that it is carted away.
