A WORD OF APPRECIATION

The Terrace Bay Fire Department wishes to thank all the parents who were most co-operative in not allowing their children to set off fire-works over the 24th of May holiday and a thank you to the storekeepers in co-operating with the Fire Department in not selling fireworks. Everyone in Terrace Bay realizes the great danger fire-crackers and sky rockets could be, due to the proximity and dryness of the bush to our Townsite. We wish also to thank all those who were responsible for the fireworks display at the Hydro Dam, for the safe way in which the display was handled on the night of the 24th.

HALF-MILLION SAFE MAN HOUR OBJECTIVE EXCEEDED

Last Friday, a long standing objective was achieved when we passed a half-million safe man hours without an on duty disabling injury. The objective was set in mid-summer of 1949 and the same year was almost achieved. We were within 30,000 man hours of our goal when a disabling injury occurred after 470,000 safe man hours had been worked.

Early this year our safe man hour total reached the 375,000 mark when it was again broken and we started at the bottom of the ladder. However, last Friday, the objective was reached.

Now we're out to reach ONE MILLION SAFE MAN HOURS without a disabling injury and since others have made it, we can too.
