LARGEST CIRCULATION IN TERRACE BAY

June 7, 1951.

SAFETY CELEBRATION PLANS

The Dominion Day event being planned by the Terrace Bay Accident Prevention Committee to celebrate the recent establishment of a new LongLac safety record is really beginning to take shape. And the day is being organized so as to provide as much interest as possible for all age groups. While final details have yet to be worked out for most phases of the program, items under consideration include: a dress parade for children with bicycles, tricycles, doll carriages or kiddie cars; children's races; tug-of-war for both students and adults; bingo; a husband calling contest for the ladies; a sack race for students and adults; a couples' three-legged race and ball games. It may also be possible to include a fishing contest (with a midnight deadline); a golf driving contest and a bicycle race.

Serious thought is also being given to promotion of a street dance which might be run on a section of the highway if permission can be obtained to block off an area.

There will be treats for everybody which will be handled by distribution of tickets to all LongLac employees and their families as well as all other Terrace Bay residents. To assure a satisfactory distribution of these tickets, a survey will be conducted in the near future and everyone's co-operation will be sincerely appreciated.

As plans jell, information will be passed along via regular channels.

HOUSE LEAGUE SOFTBALL

The local house league is well underway with the Townsite team presently leading the loop and the Salaried boys pushing them for a close second. Engineering and Pulp Conversion bring up the rear. Regularly scheduled games are being played every Wednesday and Friday nights at the South Camp diamond.

PARENTS PLEASE NOTE

Your co-operation is solicited in helping to keep the children from playing on the backyard fences and thereby damaging them. Parents are liable for any damage done to these fences by the children, the same as if a window were broken by stone-throwing.
