

GUNNERS' COLUMN

Before the local Reserve Unit winds up its year's activities, it intends to have one more tactical exercise.

It is endeavouring to enlist the help of the Dept. of Lands and Forests in that they could send up their plane to make mock run on different gun positions and also to have suitable laying targets for our gunners.

Pay Parade and our local shindig will be on the 19th of June. That will be the last parade till next September. The scheme will take place on the 17th and the place - near Pays Plat.

We need everybody to make this a successful exercise. The last one was good, this one with the co-operation of all ranks should be better. No more recruits will be accepted till fall.

See you fellows on parade!

TOWNSITE RESIDENTS:

Kindly take notice that effective June 15th, 1951, garbage will be collected on Friday mornings instead of Saturday mornings.

At this time, we would ask residents to pay particular attention to see that garbage is in suitable containers with proper fly-proof covers.
