LARGEST CIRCULATION IN TERRACE BAY

June 14, 1951.

KIWANIS TEA AND BAKE SALE

This is the day the ladies of the Community get even!! Yes, sir, the men take over and wait on them for a change. If you enjoy a nice party, under the direction of two beautiful (ugh) hostesses and with the ultimate in service from charming and gracious waitresses (?), you can't afford to miss this event. Then there will also be a sale of cakes prepared (believe it or not) by the Kiwanis Club members themselves. Since last year's bake sale, we understand some of the members have had to do all the baking at home, so the quality must have been excellent. All this takes place in the lobby of the Hotel Terrace on Saturday afternoon, June 16th, from 2:00 to 4:00 p.m. No admission fee. Silver collection at the tables. Baby sitters are provided at the Hotel door.

COME EARLY AND AVOID THE RUSH!!

For the convenience of those who have not contributed to the Cancer Fund, the Women's Institute will have a table set up in the lobby to receive your donations. BE GENEROUS TO THEIR APPEAL.

TENANTS PLEASE NOTE

Any time an addition or alteration to the electrical system in townsite houses is made, such as the installation of a hot water heater, a wall plug, or an oil burner with electrical control, it is the responsibility of the tenant to have such installation inspected by the Hydro-Electric Power Commission of Ontario. Forms for this inspection may be obtained from D. Boudreau.

CENSUS TAKERS AT WORK

The fact has been brought to our attention that the local census takers are having considerable difficulty in obtaining necessary information for completion of their work particularly among North Camp Dormitory residents.

For the information of these people, we would like to point out clearly that the information being asked for is very necessary to the compilation of statistics by the Department of Trade and Commerce.

Citizens may rest assured that the answers to the questions will not in any way be transferred to the Income Tax Department, Department of National Defence or any other Department of the Government. It is the duty of all persons resident in Canada to give full information. Your co-operation is asked in order to help fellow citizens of Terrace Bay who are entrusted with the task of obtaining this information.

RESIDENTS PLEASE NOTE

Reports have been received that certain persons have been discharging firearms while in boats on Lake Superior in the vicinity of Terrace Beach. The danger of bullets ricocheting off the water can be very serious in addition to being against the Law. This practice is also very disturbing to anyone who may be fishing in that area.
