

MEN'S 5-PIN LEAGUE WIND-UP

Last Thursday night, the Recreation Hall was the scene of a gala wind-up of the Men's 5-Pin Bowling League. The programme, M.C.'d by the capable Gord Rowlandson, got underway with a Chili Con Carne supper which was followed by the prize awards. Recreation Committee Trophies were won by the Alley Cats while Clarence Buck (High Average), Pete Gombola (High Single), Joe Wig and Johnny Gross received individual medals also presented by the Recreation Committee.

An extra-special trophy, made up of a 4-Pin inscribed "2nd Best", complete with individual "Crying Towels" was awarded to the Kakabekas who lacked 4 pins of winning the Championship. The Overheads received awards donated by Dominion Catering and presented by manager Jim Denny.

Immediately prior to the presentation of the Championship Trophy, the hit of the evening, a short skit entitled "A Day in the Life of the Overheads" was presented by the "Mighty 5-Pin Art Players". This skit starred Monty "Gertrude" Paget, the darling of the Stag. Others taking part were Joe Heenan, Tom Williscroft, Bill Louk, John Gross, Ozzie Dalzell and John Maurstad. Al Lindskoog acted as narrator and music was by Alphonse. The evening ended with cards and refreshments. The League Executive wish to thank all who contributed their efforts towards making a successful season.

LONGLAC'S SAFE DAYS GROW

LongLac's consecutive safe days continue to rise and now stand at 155. This brings the safe man hour total to better than 585,000. Our 1951 frequency rate (accidents per million man hours) is down to 3.24.

We should again note, however, that all too often there is a tendency when things are going well to rest on past laurels, but in this business of accident prevention, the price of continuing success is to keep everyone on the alert and firmly resolved not to take chances.

STORK CLUB

Our very heartiest congratulations this week go to Mr. and Mrs. Gord Conway on the occasion of the arrival of a daughter on June 13th. (The line forms on the right at the Tour Foremen's office for an issue of Corona Coronas.)

A GOOD GRIP PREVENTS A SLIP

FIRE SPOILS ALL

If you were to go hunting or fishing around or away from Terrace Bay, you have a particularly personal interest in preventing forest fires, for it is a well-known fact that nothing ruins good hunting and fishing faster than a bush fire. True, the economic prosperity of Terrace Bay depends on the forests. True, too, unemployment and poverty always follow in settlements close to burned-over areas, but let's put those considerations aside for the moment. Let's think only of the effect of fires on sport. Let's remember animals cannot live in burned-out forest land - that fish desert or die in the waters bounded by burned-out forests. The birds all die or vanish in the wake of flames. Let's all decide that we have to do our utmost to protect our bush in or near Terrace Bay from fire; because of their commercial and economic value, yes, but also because fire spoils all. When we go hunting, fishing, or just walking in the bush, always remember that smoking in the bush is dangerous, so when you smoke, enjoy it, then be sure your pipe or cigarette is out.

ALWAYS REMEMBER, FIRE SPOILS ALL.

E.M.B.S. MEETING

The 1951 meeting of the Society was held on Tuesday, June 12th in the Recreation Hall. Included in the business of the evening was a decision to hold future Annual meetings and election of directors in January or February of each year as this would permit a more accurate audit to be presented to the members at that time. Accordingly, the 1951 Directors will hold office until the 15th of January or February of 1952.
