All matches will be open and will consist of men's and women's singles and doubles and mixed doubles. The entry fee for each event will be \$1.00. Entry blanks may be obtained from C. TOWNSITE FIRE ALARM PROCEDURE

Your attention is again drawn to the necessary action to be taken when reporting a fire anywhere here in the Townsite.

Get to a telephone, phone the Fire Hall, (Dial 22) or report direct to the Fire Hall and give the location of the fire, house number if possible. The Fire Phone at the corner of Hudson and Selkirk (mounted on a pole adjacent to Dr. McCausland's house) is connected direct to the Mill Switchboard. When using this phone, give the information to the switchboard operator.

NOTE: When calling from a house phone and the fire hall doesn't answer, Dial 11 or 12 and give the information to the Mill Switchboard Operator.

SAFETY NEWS

The LongLac safe day total, as of this date, stands at 191. This puts consecutive safe man hours near the 725,000 mark and gives us a frequency rate of 2.64.

While this is a good experience, we have recently had an increase in doctor care cases, so once again we would like to stress the fact that only as long as each LongLac employee continues to be on the alert all the time, will it be possible for this safe run to continue.

Remember, A MILLION SAFE MAN HOURS is the objective.
