

SOFTBALL AND BASEBALL

Play-offs in the softball house league will get underway tomorrow (Friday) night at the school diamond when those arch-rivals Salaried and Engineering will engage in the first game of a best-of-three series to decide who will meet Townsite for the title. Salaried and Engineering had a postponed game left to play but had bad luck in being able to get together to have it played and complete the schedule, so by mutual consent of all teams the game was dropped and Townsite were given a bye into the finals by virtue of having ended up in first place. The second game of this first series will be played on Monday night.

Last night, the local Baseball team took Schreiber into camp again to the tune of 9-1. A return game is being planned for Sunday to be played in Schreiber. A meeting of all baseball players and those interested in helping the baseball team, will be held on Monday night at House 96 immediately following the softball play-off game. Exhibition games for the balance of this season and plans for next summer will be discussed.

CARE OF LAWNS AND YARDS

All Townsite tenants are requested to co-operate in keeping their front lawns and back-yards in a clean and tidy condition. As you know, work has started on landscaping of the lawns in front of the houses and the erection of fences around back-yards, for those who request them. It would be appreciated if an effort were made to cut any unsightly long grass or weeds that may be growing around your house. When you have done this, just leave it neatly in a pile beside the spot where you normally leave your garbage cans and it will be carted away.

The rotund Alfred Hitchcock eyed the late, thin Bernard Shaw.

"To look at you, Mr. Shaw," he said, "one would think there was really a famine in England."

"Quite," agreed the great Irishman, "and to look at you, one would think you caused it."
