SAFETY IS EVERYBODY'S BUSINESS

WHAT'S YOUR HOBBY?

With the summer almost gone, maybe now would be a good time to sit down and think a little while about some sort of a hobby to while away the long winter months indoors. (That is of course, if your calendar isn't already filled up.) Many hours of pleasure can be derived from a hobby that you can turn to when everything else in life seems to be boring. Hobbies don't have to be expensive or require a lot of equipment to be set up, some of the most interesting hobbies are the most inexpensive.

SPEEDING IN THE TOWNSITE

While the conduct of most drivers in the Townsite is generally considered to be pretty good, there is still room for improvement on the part of a few, especially at some of the intersections where there are "blind corners" It should be remembered that we have in excess of 400 children in the Townsite and their safety should always rate high on our priority list.

Jenkins was always trying to borrow money. One morning he tackled an acquaintance in the street before the latter had a chance to escape. "I say, old man," began Jenkins, "I'm in a terrible fix. I want some money badly, and I haven't the slightest idea where I'm going to get it."

"Glad to hear it my boy," replied the other, promptly. "I was afraid you might have an idea you could borrow it from me."
