LET'S WIN THE ONTARIO SAFETY CONTEST THIS YEAR

Recent victory in the 11-Mill North-western Ontario Safety Contest has spurred interest in adding additional safety laurels to the LongLac record and our sights are now set on winning the Ontario-wide Safety Contest this year which is sponsored by the Ontario Pulp and Paper Makers' Safety Association.

Last year, as many may recall, we finished in 2nd position of Class "A" with 21 mills competing. This year, with 22 mills involved, we were 2nd when the last report was issued. Now according to what we believe to be a reliable "grapevine" report we are probably in the lead. This is good for when accidents are kept at a minimum everyone benefits.

With slightly more than four months to go before 1952 is ushered in, thereby closing the contest, a sincere appeal is made to each and every LongLac employee to do his or her utmost to work safely keeping in mind that we want to win the Ontario Safety Contest this year. We have achieved our objectives before, let's do it again!

ARE WE THAT FAR NORTH?

This morning, Al Crockford at the C.P.R. Station, was startled out of his size 11 brogans when he looked out of the window to spy a big bull moose bearing down on him. However, Al put up a good front and, last seen, the moose was headed over towards the Nurses' Residence in the South Camp. (Applications to fill vacancies on the nursing staff should be filed immediately!)

Very shortly after this incident happened, Archie "Longhorn" Driffield was proceeding via his Chevvy from South to North Camp when he suddenly realized that the tree that was walking across the road ahead of him wasn't a tree at all - but was a fully grown cow-moose. After Archie finally managed to stall his engine two or three times and find out where the ignition and starter were on his car, he thinks he remembers seeing the animal go over to the fire-break for his morning work-out. Seriously though, folks, these incidents did happen today.

SWIMMING POOL TO CLOSE MONDAY

All residents please note that the swimming pool will be open for the regular periods over Labour week-end including Monday. Commencing Tuesday, September 4th, there will be no lifeguard on duty, and all persons using the swimming facilities after that date, will do so at their own risk.
