LARGEST CIRCULATION IN TERRACE BAY

September 6, 1951.

Giants Here This Weekend.

Local baseball fans are in for a treat this week-end when we'll be favoured by a visit of the Port Arthur Giants from the Lakehead Senior Baseball League. The Giants who have just recently completed a semi-final series with the Red Sox at the Lakehead, will present a pretty strong squad for our boys to take on.

The first game will be played at 6:00 p.m. sharp on Saturday night with the second game scheduled for 2:30 p.m. on Sunday afternoon at the South Camp Diamond.

In addition to these baseball games, the third game of the Softball House League finals will be played at 1:30 on Sunday afternoon. This game is also to be played at the South Camp Diamond.

ATTENTION RESIDENTS!!

A notice has been sent to each tenant or owner (with the Hydro bill) which asks whether he is a public school supporter or a Roman Catholic and a separate school supporter. As now there is only a public school in Terrace Bay, all taxes have been in support of the public school. Persons who are Roman Catholics and who wish to have taxes, which are paid on the property they rent or own, go to support the proposed separate school are required to so notify the municipal office. This may be done by indicating which school they support on the notice form, and returning it by September 26th, 1951.

THREE CAUSES OF ACCIDENTS

"I Didn't See"

"I Didn't Think"

"I Didn't Know"

NEW RATES

BLUE CROSS PLAN FOR HOSPITAL CARE

Sharp and continuing increases in hospital costs have made it necessary for the Hospital Association to announce a new rate schedule to take effect October 1st, 1951.

In designing the new rate structure, the Association has taken particular care to make a fair distribution of the subscription rates as they apply to the categories of subscribers using the greatest amount of benefits. Previously, the family rate was twice that of a single person, however, since experience has shown that the ratio of hospital care used by participants in family contracts is greater than two to one, the new rate schedule shows a correspondingly wider spread between single and family charges.

The new monthly rates effective October 1st, 1951, are as follows for semi-private coverage:

SINGLE - \$1.45 - FAMILY - \$3.65

The LongLac Pulp and Paper Company pays the rate for an employee; employees who wish to cover their families pay the difference between the single rate and the family rate. Under this new schedule, this is the difference between \$3.65 and \$1.45 which amounts to \$2.20 per month.

In cases where a man and his wife are both employed by the LongLac Co., the Company pays twice the single rate or \$2.90, the balance being paid by the employee.
