

10-PIN BOWLERS

Here's a reminder to all 10-Pin Bowlers who wish to compete in this season's league:

1. All team or individual entries should be in at the Alleys not later than Sept. 15th.
2. You don't have to be an experienced bowler to be "in".
3. You don't have to own your own personal ball, there are some at the Alleys.
4. All names registered will be placed on a team.
5. Don't be left out in the cold.
6. Don't say you weren't asked - you're invited "NOW".

BOWL FOR HEALTH - FUN - EXERCISE

In recent issues of the "News", Want Ads have been appearing asking for local boys to come over to the Alleys and earn their spending money by setting up pins as part-time pin setters. If the existing vacancies aren't filled by next week, out-of town help will have to be engaged. So if you are interested in picking up a couple of bucks one or two nights per week, get your names in now. Leagues will be starting the week of September 24th.

Here's good news for the lady 10-Pin Bowlers. A supply of ladies' 10-Pin balls will be in this week. If enough of the fairer sex show interest in this sport, a Mixed league will be in the making.

5-PIN BOWLING MEETING MONDAY

An open meeting for all 5-Pin bowlers of the Ladies', Mixed, Men's and Commercial Leagues, will be held at 7:30 p.m. in the Teen Town Clubrooms on Monday, September 17.

The Bowling Association officers for the coming season will be elected at this meeting and plans for schedules will be drawn up.

A good attendance is requested.

TERRACE BAY LEADS ONTARIO-WIDE SAFETY CONTEST

An item which should be of real interest to every LongLac employee is the fact that we are now leading Class "A" of the Ontario-wide Safety Contest sponsored by the Ontario Pulp and Paper Makers' Safety Association.

With little better than 3½ months to go in 1951, we stand in an excellent position to win the contest this year. As many may recall, we were in 2nd position when the contest ended last year and our sights are therefore set on making certain of a win during the current contest.

One way of assuring a win is by working the balance of the year without an on-duty disabling injury which would require only a repeat performance of last year's experience.

LET'S WIN THE ONTARIO-WIDE

SAFETY CONTEST THIS YEAR

The guy went out for the first fishing trip of his life, and he engaged the services of a veteran guide. It wasn't too long before they reached fishing grounds, but by the time they got there, the guide knew what a raw rookie his employer was.

Blessed with the so-called "beginner's luck," the fisherman soon hooked a trout. It was a very small specimen, but the amateur was so excited you'd have thought he hooked a whale.

"What'll I do? What'll I do now?" he yelled to the guide.

"Reel him in," said the guide laconically.

So the amateur reeled in; in fact he wound in so enthusiastically that in no time at all the fish was rammed up against the tip of the rod. "Now what do I do?" he asked the guide.

The guide was quite weary by this time, and his answer reflected his boredom and disgust: "Now climb up the the rod and stab him with your hunting knife."

A lady walked into a grocery store and asked for a dozen eggs. "And they must be strictly fresh," she added.

"Hey, Bill!" shouted the grocer to his assistant in the back room, "feel those eggs and see if they're cool enough to sell yet."
