SOFTBALL FINAL SUNDAY

That oft-postponed and often near-completed sudden-death play-off Softball game will be played at the School diamond at 2:00 p.m. on Sunday afternoon. The Engineering and Townsite ball teams have been trying to get this championship series completed before the snow flies and so it is expected that a winner will be declared on Sunday. This series originally started out as a best-of-five series and in the first two contests each team won a game. Inasmuch as it was then too late to play a possible 3 games more, it was mutually agreed between the two team managers to play a sudden-death final.

Sunday's game should be a corker, why not come on over and give the boys some support? Sunday at 2:00 p.m. - School Diamond.

INSTITUTE FOR BLIND FUND

The Canadian National Institute of the Blind has made an appeal for funds to help build a Home for the Blind in the Lakehead Area.

On Monday, September 24th, a member of your Department will contact you for a voluntary cash donation.

This is a worthy cause and any contributions will be greatly appreciated.

5-PIN BOWLING ASSOCIATION NEWS

The annual meeting called for last Monday night was poorly attended. However, those present came out with some bright ideas, and the one in particular we mention here is directed to last year's team captains and all those wishing to promote the ever popular game of 5-Pin Bowling.

"A further general meeting be called for next Monday, September 24th at 7:30 p.m. in the Teen Town Club Rooms. Should the meeting again be poorly attended, then 5-Pin Bowling will be suspended until a worthwhile group would demand resuming bowling. This coming meeting will be the only meeting the retiring officers will summon."

Therefore, in the interest of all of us, an appeal is hereby subjected to ALL last year's captains and bowlers in general to attend this meeting so that we can start the ball rolling. "It's later than you think!"
