

HOME & SCHOOL ASSOCIATION

At the September meeting of the Home & School, which was held in the school on Tuesday, September 25th, the results of an appeal for used cups and saucers were very gratifying. The executive would like to thank all of those good people who so generously rallied to the cause. An especial thanks to those non-members who donated cups and saucers and sugars and creams. We are also very grateful to "The Bay" and "Buc's Store" for their donations of tea towels.

It is regretful that, due to unavoidable circumstances, we have lost Mrs. H. Saunders, Mrs. V. Holford and Mr. John Wade from our Executive. However, we feel that we are fortunate in having those vacancies filled by Mrs. W. Cavanaugh as Recording Secretary; Mrs. M. Nelson as Home Education Convenor and Mr. Angus Bryans as Programme Convenor.

Any members wishing to review a book from the Travelling Library are requested to contact Mrs. R. Scowen at House 78 Hudson Drive. During the evening, a review of our meetings to date was held and the new members of the teaching staff were introduced by Mr. Smith. Before concluding the evening's business, the class rooms were visited by the parents and a delicious round of refreshments was served.

MALE HELP WANTED.

Anyone who can either hammer a hammer or draw a saw is asked to report to the Curling Club Thursday evening from 6:30 to 7:00 p.m. for an interview and trades test. Preference will be given to Early Birds that were thoughtful enough to bring along their tools, as there exists a shortage of hammers and saws.

A LIMITED NUMBER REQUIRED

So Come Early - Non Members Welcome

SAFE WORKERS ARE ALWAYS IN DEMAND

THE GUNNERS' COLUMN

This Thursday we will continue the Chemical and Atomic warfare course which got off to a very successful start last week. Parade time is 1915 hours.

Next Tuesday we hope to have a couple of films on the Korean war and the C.O. is slated to give a lecture on "Defense against a low flying air attack".

On Tuesday, October 9th, we will be holding our first firing practice of the year on the indoor .22 range. If the attendance is good, we hope to start an army rifle club which will hold regular practices and shoots. The goal eventually is to send a team to compete in the Dominion championships.

We are still looking for recruits and any information can be had from the orderly room any parade night. We can offer a fine programme each Tuesday and Thursday with plenty of fun and good training.

CREDIT UNION NEWS

On Saturday, September 22nd a number of our members made a trip to Red Rock and had a very enjoyable evening with the members of the Red Rock Credit Union and a number from the Great Lakes and Westfort Community Credit Unions. An informal meeting was held and discussions on how the four Credit Unions on the lakeshore could become better acquainted. A number of the members spoke on different subjects and their experiences with the Credit Union. It was agreed that we were doing a good job and giving our members good service. After the meeting lunch and refreshments were served by the Red Rock members.
