

CURLER'S CORNER

Lots of action going on these days over at the Curling Rink. As all curlers are probably aware of by now, the old Laundry building has been moved over adjacent to the rink to serve as a Clubhouse this winter. It is all set up in position, the ditch has been dug for the drain and sewage pipes and it is expected that the installation of these items will be completed by this week. The entire inside of this building has been completely stripped of old partitions, counters, etc., and the preliminary stages have been completed for the renovations to make the place look like a Clubhouse that we'll be proud of. The outside walls of both buildings have been cut to allow for the construction of a connecting corridor. How did all of these and other things get done? ---Why, by volunteer labour of course! Any night that you feel that you'd like to lend a hand, why not just put on your dungarees and wander over.

The Annual General Meeting of the Curling Club has been set for Friday, October 1<sup>st</sup> at 7:30 p.m. in the Clubrooms.

- (b) By the consolidation of the small savings of many members to create a source of credit at reasonable rates of interest for the provident and productive needs of the members, and
- (c) To develop a programme of education in co-operation and personal finance.
