10-PIN BOWLING

PLUTA SHOWS THE WAY IN MEN'S 10-PIN LEAGUE

Last nite in the fourth week of 10-Pin Bowling Paul Pluta tickled the maples to the tune of a 593 series which included a 220 game. "Old Pro" Checkryn had the high individual effort of 222. Both of the above roll for the Royals who posted the high team game of 774 as well as high team series of 2207. The Orioles, although losing 3 games, came up with an unfrequent bowling oddity when they hit 675 for each of their three games. The team scores are made up of the high 4 scores of a 5 man team.

Last week Ed Niemi of the Orioles hit the pocket for a 606 series while Sax Lundberg was finding the range for a high game of 228. Orioles had the high series of 2196 and Electrons had high game of 751.

If there is still anyone wishing to bowl 10-Pins contact Leon Checkryn at the alleys immediately. There are at present two openings available and the 1st two signing up will be placed in these spots. Any others who sign up will be put on the list and assigned a team if and when an opening becomes available.
