LARGEST CIRCULATION IN TERRACE BAY

November 1, 1951.

### LIBRARY RE-OPENS MONDAY

The Library has now been moved to new quarters which, in every respect, are much more desirable than the old location in the South Camp. A portion of the space formerly occupied by the Improvement District has been set aside as a Library and the necessary renovation and re-decorating is nearing completion.

This Library opened in February, 1950 and by the end of December of that year there were almost 400 books on the shelves. By the end of June of this year, this total had increased to almost 600.

All of the progress that the library has made to date is due to the amount of honest effort that the volunteer members of the Board have put into their work.

Mrs. J. Shaunessy is Chairman of the Advisory Board with Eleanor Pearson as Secretary. Rev. Lavender and Joe Heenan are the other members of this Board. H. C. Laundry is Chairman of the Terrace Bay Public Library Board and Frank Strutt is Secretary Treasurer. Willing and efficient service is dispensed at all times by the Librarian, Mrs. Ellen Hodgkiss.

All residents are requested to make good use of the excellent volumes available and are reminded that this is a free Public Library.

### HOCKEY MEETING TONIGHT

At the last hockey meeting it was generally agreed that we should enter an Intermediate team in the North Shore Hockey League again this winter. Inasmuch as last year's officers do not feel that they want to carry the load again this year, a meeting has been called for 7:30 this evening in the Teen Town Clubrooms to lay plans for the 1951-52 season.

Following the official opening ceremony, an open house was held during which local residents inspected the interior of the Hospital. The next day, the few patients who were occupying the old hospital were transferred and by Saturday, October 27th, the complete move of all furniture, etc. had taken place.
