NEW BOOKS

"Doctor in Buckskin", a novel by T.D. Allen and the true story of the most daring of America's pioneer doctors.

"Bride's Island" by Margaret Bell Houston. The strange events at Bride's Island, the mysteries and the delightful surprises form a tale utterly unlike "the white column mint julep fairy tales that once came out of the South" and picture Texas and Texans as Margaret Bell Houston knows them.

NOTICE:

Any books suitable for children you may wish to donate to the Library will be gladly received by the Librarian.
