

BOWLING BITSMen's LeagueWHO WON THE FIRST SERIES? WHO BOWLS THEM BETTER?

This scribe is asked to help fill the "Bowling Bits Column", otherwise the salutation should be sufficient. It was a foregone conclusion that the "stacked" entry of Mazza's CONSOLIDATED PRESS, wearing grey and maroon shirts, with their mark of distinction "RED CAP" would be the team to beat. Though this team led throughout most of the series, it may be pointed out that through mathematical chances, it could also have been Rowlandson's OVERHEADS, last season's CHAMPS. Anchor-man Joe Wig was absent from last Monday's crucial games, and now the Board of Strategy in directing the affairs of the OVERHEADS are debating if this was the deciding factor of CONSOLIDATED PRESS winning by ONE AND ONE HALF POINTS. Championships may be won by THREE PINS or lost by ONE AND ONE HALF POINTS!

How to bowl and win may be learned from those wearing RED CAPS and flying under the colours of CONSOLIDATED PRESS, namely Joe Heenan, Howard Solly, Murdo Campbell, Hubert Boudreau, Ed. Grabowy, Joe Kennedy, Peter Mazza.

In the issue covering the first night of bowling, honour, glory and even luck were showered upon Joe Heenan for his outstanding roll of all of 400 and all in the one game. Now we record the opposite extreme. On the last night of this first series, honour and glory by the opposition were bestowed upon Don Brearley for his accentuated score of 71. Tough, Don, but it happens to the best of bowlers, just ask Heenan for some of his recent scores.

Overheard at the Alleys: "I wonder if Meredith has been able to determine the 'minimum' necessary to strike out."
