CHRISTMAS EDITION

December 20, 1951.

TO ALL LONGLAC EMPLOYEES AND EVERY TERRACE BAY RESIDENT:

It is fitting that at this time I should take the opportunity of expressing my personal thanks to each LongLac employee and every resident of our Community for his or her contribution to a very successful year here at Terrace Bay.

At the Mill, we are producing a higher quality product in greater quantity and with fewer disabling injuries than ever before.

In our Community, we have seen a sub-division developed with 35 new homes our new hospital is serving the entire district we also have a new Post Office a new railroad station an addition to our shopping centre and only recently the new Community Church opened its doors in the Townsite to take its place with St. Martin's Church in the religious life of our people.

Quite apart from this growth, our many Community organizations have performed increasingly useful services in their varied fields of activity and endeavour, all of which adds to a happier community life that will become increasingly more attractive as further progress is recorded.

With gratitude in our hearts we ought all to approach the Christmas Season this year mindful of the fact that in many countries of the world today, Christmas has been abolished by forces which seek also to enslave us.

But here we continue to enjoy our "way of life" which makes it possible for me to sincerely wish you one and all a most Merry Christmas and the very best of everything throughout the coming year.

D. C. Porter,
Mill Manager.
