ORIOLES SNAG "B" SERIES 10-PIN TITLE

The boys are evidently beginning to find the range as a rash of eleven 200 games broke out this week in the final week of the 10-Pin "B" Series. Frank Sechesky's Orioles sneaked in as winners when the Townsite failed to field a full team to forfeit 4 points. But just to show they had what it took, Bill Day pumped in 207 and 200 games and Vern Hopper hit a 205.

Other results showed Pattison's Bears stealing 3 points from Paget's Warehouse squad in spite of Harold "I've found the range now!" Marsh's 611 series which included 242 and 209 games. The Bears countered with Shirriff's 217, Weppler's 212 and Shemanski's 210 games.

The engineers racked up the night's high team series and high team game of 2689 and 968 respectively, as they pounded out a 3 point total in a bit of revenge over the Royals. Lindskoog hit the high series of the evening with a 622 total which included a tie for high game of 242 and a 207 game. Williscroft hit 206 for some added help.

Please Note: The alleys will be available for open bowling all this week and next with the exception of Wednesday night and Friday night, January 9th and 11th.

The many friends of Rev. J. Roenicke of St. Martin's Parish are glad to hear that his injuries were not nearly so serious as they might have been in his motor accident near Rosspoint on Saturday morning last. Facial injuries only resulted, and while those are proving very painful, we're all happy to know that no further injury is evident.
