

MEN'S LEAGUE

Well, the Consolidated Press did it again. By winning their protest against the Sudslingers and going to town Monday night to take 4 points from the Gunners they came out on top of the heap for the second series one point ahead of the Wings who also took 4 points from the Sudslingers who were unable to field a team. This places these two teams in the roll off. Who is going to be the third team? The Gunners have served notice for all teams to get goggles so that the smoke as they go by won't bother their eyes.

To Joe Heenan goes the high series for this week. Joe combined 263, 270 & 223 for a total of 756. M. "Fat" Campbell came through with a nice 346 to lead the high single. Special mention goes to G. Grant of the Short Circuits who beat out M. Nelson's grand 98 with a game of 88.

Consolidated Press took the high single team game with a nice 1160 just one point behind the league record. The high triple for the week was rolled by the Wings with a total of 2951.

Good scores for the week go to G. Rowlandson 208, A. McColl 265, M. Sakauye 232, J. McColl 202, F. Sechesky 231, 213, L. Swirhun 215, A. Roussel 225, C. Buck 226, 237, A. Fedyk 215, L. Attention All Bowlers

If you are having trouble getting strikes by hitting the head pin, Monty Paget is now giving lessons on how to make strikes by knocking out the four pin. He hasn't as yet made known the fee. Monday night Monty pulled one of these shots that makes one use language not fit to hear until you take another look and see all the pins falling over. Striking the four pin with enough force to bring it back onto the allies from the back cushion it rolled in such a fashion to knock down the remaining pins for a strike. Have you decided how much the lessons are going to be, Monty?
