

ICE CHIPS

Nipigon lost 2 straight games to Geraldton so we'll see no more Intermediate hockey this year.....Last night the Bantams bowed out in their quest for a championship when they were beaten 4-3 in overtime by the Schreiber Mayfairs. This was a dandy game well worth watching and it is worthy of note that the only two league games that this team lost all season were both playoff games to the Mayfairs.....They only lose four players next year because of age limit restrictions. With a fine crop of newcomers graduating from the Pee Wees, this team's future is well taken care of.....As you will read elsewhere in this issue, the Pee Wee title was taken by Les Canadiens.... The Midgets are in their play-offs now and we sincerely hope that they can bring us home a championship. Their scheduled play-off game for last night was postponed until tonight at 8:30 p.m.....In the "Grudge Shop League" things are also happening. Last Friday morning No. 4 Shift (Butler's Boys) took No. 3 Shift into camp by the score of 13 - 5.....That same night Structural whipped No. 2 Shift to the tune of 6 to 3. On Monday a.m. of this week Butler's Boys and No. 2 shift (Kenedy's Conversions) tied 3 all. This coming Friday at 9:00 p.m. (tomorrow night) Maintenance (Lunch Pails) will take on Structural with the winner slated to take on Butler's Boys at 8:15 p.m. on Sunday. The "Pale Faces" (what! are they still on their feet) have received a challenge to take on the ultimate winner of the foregoing series, next Wednesday night. All of these games are played in the Schreiber Arena.....In the meantime the "Pale Faces" are keeping in shape by playing the Schreiber "Champs". Last night's score Terrace Bay 3, Schreiber 4.....

Hockey fans last night witnessed a grim battle for supremacy, and I do mean grim, when Schreiber "Firemen" took Terrace Bay "Pale Faces" by a score of 4 - 3. Because Terrace Bay has lost the opportunity to gain possession of another trophy, Jack Burrell, referee, will not be given a soft job and Ed Pineault, referee, is scarce this morning. It was a hard, fast game with no quarter given and none asked for by either side. Penalties - Schreiber 6 - Terrace Bay 3,

In the first period Turcotte scored for Schreiber assisted by Fisher. Rowley scored for Terrace unassisted. In the second period Fisher (S.F.) scored unassisted. Winters (S.F.) scored assisted by Davis. Rowley (T.B.P.) scored assisted by Marsh.

ICE CHIPS (cont.)

"10%" Marostica then tied up the game assisted by Dalzell. In the third period Winters scored the winning goal assisted by Davis. Penalties ranged from "D.P." Brady for Interference to "Innocence" Verdoni for "I don't know why, I didn't do nuttin'."

Fancy skating by "Fat" Grabowy and MacParland accentuated by thrilling dives by Umpherson, McIsaac, Brady, McIsaac, Phillips, McIsaac, Jeanneret, McIsaac. Disguy, McIsaac, he sure gets aroun'.

Brilliant team work and precision passing were one of the minor features when each man was visibly restraining himself from committing mayhem. Great game. Good sportsmanship. Bah. And after the game both teams adjourned to Ye Olde Mayfair for tea and Krumpetts, which just shows that hockey players can be human.

SCHOOL RINK NOW CLOSED

As of yesterday at 5:00 p.m., the School Rink was closed for the season. There is no possibility of the rink being re-opened unless we have complete reversal of form from the weather-man. Anyone found causing damage to the rink boards, lights or dressing rooms will be duly prosecuted.

COMMUNITY DANCES

The bi-monthly Community Dances started last Friday will continue next Friday, March 21st. Although last week's attendance was nothing to write home about, the enthusiasm of the orchestra and the persons who did attend here indicated that there is a definite need and place in town for this type of dance.

STORK CLUB

Congratulations are in order to Mr. & Mrs. Elmer Persson on the arrival of a baby daughter on Monday, March 10th. Mrs. Persson will be well-remembered by many of us as being Colleen (Stokes), our former "Hello" girl on the Mill Switchboard.
