COMMUNITY CHURCH - FIRESIDE HOUR

The sixth Sunday evening Fireside Hour will be held on Sunday next at the usual time of 8:10 p.m. in the basement of the Community Church and a programme of special interest has been arranged for your enjoyment.

Your committee has been fortunate in obtaining a recording of important and memorable speeches made by world famous people in the period between the early thirties and the close of the second world war. Hear the abdication of Edward VIII; hear Churchill, Roosevelt, Hitler and Stalin; hear Lou Gehrig say goodbye to baseball for ever; and hear the voices of other such notables in person. It is guaranteed to bring back some old memories and will also be educational for the children.

Our film feature this week entitled "Great Lakes" deals with just that - a cruise between the Lakehead and the eastern lakes. A second film dealing with the St. Lawrence will also be shown for your enjoyment. Both of these films on Canada's major waterway are worth seeing and should not be missed by anyone.

Chairman Bob Shirriff is arranging a novel twist to our usual sing song and it should prove both popular and amusing.

The programme will be brought to a close with cake and coffee and tea served by the committee.

Our last meeting on April 6th was the best attended Fireside Hour since they were organized but we'd like to break that record this Sunday. This can only be done if you

MINOR HOCKEY BANQUET MAY 3RD

In last week's issue of the "News" an item was published carrying the announcement of a Minor Hockey Banquet with a note to the parents that each boy would be assessed .50¢ to help defray expenses. This assessment has now been withdrawn in view of the fact that sums of money are being subscribed locally to take care of this portion of the banquet.

STORK CLUB

Congratulations this week go to Mr. & Mrs. Ray Belliveau to whom the "ole bird" delivered a daughter on Thursday, April 10th, and to Mr. & Mrs. Sam Boyd who also received a girl on Tuesday, April 15th.

This sounds like some kind of a record, but we wouldn't say for sure---the last 12 babies born in our new hospital have been girls. Any Comment, Fellas?
