SPRING CLEAN-UP TIME IS HERE

RUBBISH and preventable fire go hand-in-hand. That's why we say: "Clean property -- fewer fires." YOUR chances of having YOUR fire department pay YOU a visit are in direct proportion to the amount of rubbish YOU allow.

RUBBISH may not be a cause of fire in itself, but it supplies the fuel for a carelessly discarded match, cigarette or stray spark.

RUBBISH is not just waste paper and dirt as so many people assume. Webster defines "rubbish" as: "Anything worthless or valueless." This means that Uncle Josh's buffalo robe in the garage....that broken down sofa in the attic....or Sister's outgrown clothes in the back hall closet are....RUBBISH.
