

SCHOOL FIRE DRILL

On Friday, May 9th, accompanied by Mr. Ed Cavanaugh, Fire Chief C. Maitland rang a surprise fire alarm at the school at 3:40 p.m. All the pupils were out of the school in one minute, the fire drill was very well done. Windows and doors were closed and a search of the lavatories was made by the teachers and the building was all cleared out, even to the caretaker. The classes were marched to their designated places in the school yard with the teacher standing at the head of each class to prevent any pupil from breaking line and returning to the school. The principal and his staff are to be congratulated on their fine efforts.

LADIES' SOFTBALL

The interest in ladies softball right now is at a high level. Last Monday night at the School grounds, a goodly number of gals turned out to have themselves some fun. While other plans are being formulated to arrange for a team to play exhibition games against neighbouring towns and the Lakehead, the diamond will be available to the Ladies every Monday night so that practise games can be played.

SIGN UP FOR SAFETY

Near the Mill Entrance bulletin board there will be placed tomorrow a scroll "SIGN UP FOR SAFETY". On this scroll is the wording "We, the undersigned, solemnly pledge to do everything we can to work and act safely at all times, both on and off the job throughout the balance of 1952".

Simply signing such a pledge does not insure anyone against an accident but a stunt such as this can be of real help in creating "safety consciousness", without which, anyone is far more accident prone.

So let's all "Sign up for Safety" and then, (bearing in mind that "Safety is a Personal Responsibility") do everything we can to prevent accidents to ourselves, our families and our friends at all times, wherever we are.
