FIRE

Fire strikes swiftly and without warning. It comes to destroy -- to lay waste. One moment all is apparently safe. The next -- a tiny crackle-- a wisp of smoke -- flames -- a lurid glare in the sky -- screaming sirens-- fire engines thundering towards the fire.

Don't take chances. You may never have had a fire, but tomorrow -- next week -- fire may wipe out your home that you saved so long for or perhaps spent a lifetime to build.

Fire is "Enemy Saboteur No. 1".

It follows no plan. It strikes swiftly, and blindly. It plays no favourites. Don't let it strike your home.
