

RECREATION COMMITTEE REORGANIZED

In the past we had a recreation organization consisting of an Executive Committee and an Advisory Committee. After a fair trial period of over two years this system has proved to be difficult to operate under our circumstances.

In order to be of the greatest service to recreation in the community it was suggested by the previous Recreation Committee in conjunction with Management that a more compact steering group be set up to co-ordinate recreational activities in Terrace Bay.

As in the past recreation buildings, grounds and facilities have been turned over by the Company to be administered by the Recreation Committee and the Municipality has also arranged for certain of its properties such as the ball diamond and tennis courts to be operated by the Committee.

The intention is to carry on in practically the same manner in so far as organized clubs are concerned. Clubs will, as in the past, be autonomous and conduct their own affairs. However, so that the Recreation Committee may budget and administer the funds and properties under its jurisdiction in a business like manner, an understanding will be reached in advance with each club requiring the use of equipment, grounds, funds or other assistance.

The present Recreation Committee consists of five members and a Secretary-Treasurer. The books and accounts of the committee are kept by a Company accountant.

The members are as follows:

Three members-at-large requested to serve on the Committee, Alex Chisolm, M. O. Nelson, H. N. Marsh.

A representative from the Improvement District of Terrace Bay - Ed. Cavanaugh.

A representative from the LongLac Pulp and Paper Co. - H. C. Laundry.

O. R. Dalzell, Recreation Supervisor, to be Secretary-Treasurer of this group.

At the first meeting of the Committee, M. O. Nelson was elected Chairman and H. N. Marsh Vice-Chairman.

Minutes of meeting of this group are open to any interested members of the Community and a monthly financial statement of income and expenditure will be published.

The objectives of the group are to promote and encourage activities of a recreational nature, set policies for the use of the various facilities and to administer funds at their disposal.

It is hoped that with your co-operation the above objectives can be met.

Please address all communications connected with recreation to O. R. Dalzell.

LONGLAC CENTRURY CLUB

(Standings as of midnight June 11th comprised of all units with 100 or more consecutive safe days without an on-duty disabling injury)

Unit	Safe Days

DOES YOUR PIANO NEED TUNING?

If so, please leave your name with Ossie Dalzell at the Recreation Office or phone the Personnel Department (Local 16) and leave it there. If we have a sufficient number of persons wishing to avail themselves of this service, a qualified piano tuner from the Lakehead will visit Terrace Bay for that purpose.
