LARGEST CIRCULATION IN TERRACE BAY

July 31, 1952.

BASEBALL DOUBLEHEADER SUNDAY

A couple of Sundays ago, a baseball team from Terrace Bay journeyed to Marathon to take on the "Mercurys", and came out on the short end of a 6 to 5 score. Since then, considerable planning has gone into a scheme to have Marathon visit us for a doubleheader, so that our lads can have the opportunity of redeeming themselves. Towards this end, arrangements have been completed whereby the "Mercurys" will arrive here Saturday night and will then rest up for two games on Sunday. The afternoon game will get underway at 2:00 p.m. with the nitecap slated to get underway at 6:15 p.m. SHARP.

Manager Phil Stuart has called practises for the balance of the week, at the South Camp Diamond. The first practise will take place tonight (Thursday) at 6:30 p.m. All potential baseball players who have not been contacted, are asked to be on hand in an effort to field the best possible team for Sunday. These boys from Marathon are no slouches and so the local laddies are going to have to be on their toes in order to take one or both of these games from the visitors. Let's all get out there and cheer the boys on to victory.

SAFETY AWARD CEREMONY FRIDAY

As announced last week, two National Safety Council awards will be presented to LongLac Pulp and Paper Company at a ceremony to be staged at the Mill entrance on Friday afternoon, August 1st at 4:00 p.m.

Presenting the awards will be J. Fred Berry, a Past General Chairman and Member of the National Safety Council's Pulp and Paper Executive Committee. Mr. Berry is Personnel Manager of Alton Box Board Company, Alton, Illinois.

The "Award of Merit" will be accepted by D. C. Porter, LongLac's Mill Manager. Dan Gillis, President of Local 665 will accept the "Certificate of Achievement".

Arrangements have been made so that all LongLac employees may attend the ceremony who can be spared from their regular duties. As the function is scheduled for 4:00 p.m., it is expected that a large number of shift workers will find it convenient to attend. A cordial invitation is also extended to the families and friends of all LongLac employees to be present.

ATTENTION RESIDENTS

It has been brought to our attention that some persons in the Townsite have been removing sheets of bark from quite a few of the Birch trees. The persons doing this are more than likely unaware of the fact that, in addition to hurting the appearance of these trees, tearing the bark also has a very bad effect on the growth and life of them.

A great deal of planning and effort has been put into the preservation of these natural beauties and the co-operation of all concerned in this respect will be deeply appreciated.
