KIWANIS FINDS LARGE PERCENTAGE OF AUTOS DEFECTIVE

Indications from the 1st few days of testing headlights are that most of the autos in Terrace Bay are operating with improperly adjusted headlights. About 3 out of 4 cars tested have not passed the safety lane test the 1st time through.

The most common fault is that of lights being set too low. Most drivers feel that this is not particularly unsafe because then there is small chance of blinding oncoming drivers. However, if your lights are too low, Mr. Driver, remember that chances are you are overdriving your lights. That is, you will not see objects far enough ahead to properly control your car in case of an emergency.

The Kiwanis Club will continue running the headlight check both tonight, Thursday the 31st and Friday, the 1st, from 8 until 10 p.m. Come in and get your headlights tested free of charge. The place is the Terrace Bay Enterprises Garage.

The Kiwanis Club would like to acknowledge a donation of \$40.00 from the Terrace Bay Branch of The Canadian Legion. This money will be put in the Welfare Fund. This fund is made up of all monies collected on any project and is kept entirely separate from money collected directly from the members, which is kept in the General Fund. Money in the Welfare Fund is used only for projects benefitting the community and surrounding areas and must be used up during the year it is collected.
