Free Course For Parents

BASIC CHILD PSYCHOLOGY

Parenthood is the most important job in the world. If this is true there should be educational opportunities for preparing for it -- and there are.

The Recreation Committee has an opportunity available to sponsor interested people at an Institute of Family Relations Clinic in Schreiber from September 8th to the 12th, from 2:00 to 5:00 p.m. and from 7:00 to 10:00 p.m. each day.

The instructor is Mrs. F. L. Johnson, Institute of Child Study, University of Toronto.

This first course covers the basic principles of child training and the course subject is "Discipline".

After first taking the basic course with a psychologist, you will then have an opportunity of taking four more courses by correspondence.

- The four correspondence course are:
- Pre-School Learning
- The School Age Child
- Adolescence
- Family Relationships.

It is hoped that those taking the course will volunteer later to monitor parent study groups in Terrace Bay. There is, however, no obligation connected with the project.

If you are interested, give your names to, or request information from Meredith Nelson or O. R. Dalzell.

A detailed breakdown of the five courses follows:

THE DRIVER'S PRAYER

O, Lord impart unto me a sense of justice and kindness, that I may not construe a driver's license as a permit to behave as I would not dream of behaving at any other time.

Lead me not into arrogance and deliver me from the frightful idea that I have a better right on the road than anybody else.

Help me to cry "Fool!" and "Killer!" at myself upon every impulse to take a chance.

Give me the common sense to appreciate that Thy commandment, "Thou shalt not KILL", is never more grossly ignored than by the man who is guilty of a careless act at the wheel of a motor car.

Make me know that he who takes a life this way lacks any excuse whatever, and is more despicable than he who slays in anger or madness.

Fill me with shame whenever I cause a child to scurry to safety, frighten an adult, fight with a fellow driver to gain a split second, and leer at the person who dares to dispute the right of way with me.

Let me rate conscience and courtesy ahead of impatience and self-importance.

And let me in all humility accord unto others the elemental decencies which I expect will be rendered unto me.

AMEN.
