CARE - COURTESY - COMMON SENSE

The 3 C's of Community Safety.

CARE - on the part of children crossing the highway to or from school; or walking along the townsite streets at play. Care - on the part of parents to see that your boy or girl is warned to be careful all the time.

COURTESY - on the part of every car driver in this community to see that speed limits are observed and that every child is watched continually as that driver approaches a group of these young citizens.

COMMON SENSE - This applies to all of us-as drivers - we're not in that big a hurry that we have to sacrifice pedestrians' lives to gain that extra minute on the highway or on the town streets. As parents, to see that we don't neglect safety instruction to the youngsters. As pedestrians - to see that we don't "hog" the road when cars are passing, or walk unthinkingly in front of a motorist.
