

MIXED LEAGUE BOWLING

As all score sheets have not been handed in, all we are able to do this week is mention some of the good scores and the revised schedule for the first series. Pat Dooling came up with a nice 225 just 2 pins short of the present high score for the season. Barbara Haughn combined 194, 175 and 201 for a 570 series. Good Old Steini Jacobson came through with a 245 single and added to it 219 and 151 for a 615 series but not good enough to beat D. Harris' 249. Other good scores rolled are H. Crisson 224, R. Jones 221, A. Chisholm 229, P. Galvin set a new record for the alleys with a strong 33.

At the meeting held Monday night, Sept. 29th, a constitution was drawn up and passed. Copies will be available in the near future.

TEN PIN CHATTER

The Over-Heads and the Engineers are leading the pack at the end of three nights of play. The Warehouse Five are holding down the second place spot by a good three points over their nearest rival the third place B B's captained by Frank Sechesky.

Team standings to date are:

1st	OverHeads	9 points
2nd	Engineers	9 "
3rd	Warehouse	8 "
4th	Shift #1	5 "
5th	B B's	5 "
6th	Firebugs	5 "
7th	Royals	4 "
8th	Struggling Bears	3 "

Considerable tardiness has been in evidence by some ten pin teams in getting their five men to the alleys at game time. We all know that the roll-off time is scheduled for 6:45 PM sharp and 8:45 sharp for the second string of the evening's games. Beginning next week, the first teams will roll off at the above mentioned times and if the second team are not at full strength by

the end of the third frame, blind scores will be figured in to the score sheet and the games will proceed from there. The reason for this is that 8:45 games are not being completed until 11:15 and later and this will be eliminated by the 6:45 teams starting on time and playing out their games as outlined above.
