LARGEST CIRCULATION IN TERRACE BAY

November 27th, 1952.

SQUARE DANCING ORGANIZED

After completion of a very successful 3-day course of instruction in the art of Square Dancing, conducted under the direction of the Community Programmes Branch of the Dept. of Education, local Square Dancing enthusiasts have now banded together under the name of the Hoedown Club. Officers of the Club are: Jack Wellings, President; Monty Paget, Vice-Pres.; and Glenna MacDonald as Sec'y.-Treas. It is the aim of this group to meet once every two weeks in such a way as to increase their proficiency in this ancient art as well as devoting a certain amount of time to other social recreation. Present plans call for increasing the membership to 40 which has been suggested as being a workable sized group. It is being borne in mind that membership in this group will rotate to a certain degree which will permit admission of new members from time to time. At a date when this group become proficient enough, it is their intention to make instruction available to all enthusiasts in Terrace Bay.

Any musicians in town who are interested in playing the type of music required for Square Dancing are requested to get in touch with Jack Wellings or Ossie Dalzell.
