

BADMINTON NEWS (cont.)

Our members competing in open tournaments this season showed up very well with Dot Dalzell winning the Ladies Singles in the Thunder Bay Tournament and Olyve Harrison taking the Ladies Singles in the North Shore Badminton League Open Tournament and then teamed up with Gord Paget to take the Mixed Doubles in the same tournament.

**NOTE:** There were two racquets and a pair of shoes left in the gym Sunday. The owners may have same by picking them up at Hotel Terrace.

ALL BOWLERS PLEASE NOTE

There are still some questionnaires regarding the windup that have not been returned. It is assumed that anyone who has not returned his form does not care to attend and no provision will be made for them. If there is anyone who bowled this season and has not received a questionnaire on the windup please contact Al Lindskoog immediately. Remember provisions will be made for and tickets can be sold to only those who sign up now!

ALONG THE BASE PATHS

An executive meeting of the Softball Club was held last night and the personnel boundaries for team rosters were definitely settled. Each of the Shift teams excluding Shift #4 will have first call on any softball players working on their respective shifts. Last year's champion structural nine will be able to garner player strength from the mill Structural crew, Shift #4, Townsite paint crew and the Services gang. Maintenance have decided that they have enough good ball players in mill Maintenance together with the daytime hourly workers in the Technical Department and the Warehouse. The word out of the Salaried halls of the Administration building is that they are content with last year's team. However "Screamer" McDonald claims that he is going to have a better team this year as all his "youngsters" will have a year's experience around their belts. John Jeanneret has definite ideas about welding the Townsite Buildings and Grounds crew, the high school softballers and any non-company men wishing to play ball, into a real fighting Townsite aggregation.

ALONG THE BASE PATHS (cont.)

This will mean a seven team league with the opening ball game scheduled to get under way May 24th (weather permitting). The executive of the Softball Club feels that this is going to be a much more balanced league than last year and it is their hope that it will be a real battle down to the wire for those playoff slots.

There is still much work to be done over at the ball park so it would be nice if we could have a few more volunteers. Don Laporte and Nick Chopty have been doing a grand job in mixing the paint and assisting with the task to getting the bleachers freshly painted but they could use a few more helpers. Ed Pineault makes the same appeal. More rock drillers are required if we are going to get rid of that rock in right field. Don and Ed will let you know when you are needed so don't turn them down.

Finally the League needs umpires. If there is anyone in the town who feels they can call strikes behind the plate or watch the base runners, they are requested to turn in their names to Ed Pineault and he will call you as needed. Bill Guest did a wonderful job last year and he will be out there again this season. But this summer we hope Bill will have additional help so that he can take an occasional night off like the rest of us to sit up in the bleachers or go fishing.

But above all don't forget the afternoon of May 24th when Softball at Terrace Bay officially gets under way.

NEW BOWLING TROPHY ARRIVES

Through the generosity of Mrs. Cola Parker, wife of Kimberly-Clark's President our Bowling Association has received a beautiful new silver trophy that will be awarded annually to holder of the ladies' high 5 - pin average. Miniature replicas will be retained by the winner each year.

We say many, many thanks to Mrs. Parker for this fine effort to stimulate bowling as part of our Recreational programme.
