

NOTICE TO ALL SOFTBALL TEAM MANAGERS

In order to insure an orderly and well balance softball League, the Softball Executive, at the first of the season, allocated certain manpower to each team in the League. Each player in the League, therefore must play softball for the team which represents his job classification. A player can only play for another team when he has a release signed by the manager of the team having the prior right to that player's talents because of that player's job classification. This release must be filed with League Secretary effective immediately any violation of this rule leaves the offending team open to the penalty of forfeiture of games. If any managers have any doubt about players on their roster please get in touch with the Secretary for further clarification.

All managers must submit signed playing certificates for not more than 15 players together with their League entry fee not later than June 30th to the League Secretary. No player transfers will be allowed after this date under any circumstances.

Terrace Bay Softball Club Executive.

EXHIBITION SOFTBALL GAME

An exhibition Softball game has been arranged for Sunday evening, June 14th (6:15 p.m.) between an All-Star team from White River and the All-Stars as picked from teams participating in our Local Softball Club.

Our popular "Umpire-in-Chief" Bill Guest has been appointed by the Softball Executive as Manager of our local All-Stars and this choice should prove highly satisfactory to ball-players and fans alike as Bill not only has an excellent understanding as to how the game should be played -

EXHIBITION SOFTBALL GAME (cont.)

but what is more important he knows what players are the "cream of the crop". Best of luck Bill in your efforts to round out a representative team.

Will those players who are still in possession of an All-Star uniform from last year PLEASE return these to Ed Pineault by Monday, June 8th at the very latest. These uniforms are the property of the Softball Club and the Executive is anxious that these be turned in without delay so as to make the necessary repairs and have them dry-cleaned prior to the game scheduled for June 14th.
