ALONG THE BASE PATHS

The Executive of the Softball Club met last Friday night and a number of decisions which will be of interest of all softballers were arrived at. This year there will be a single award for the highest batting average since the league has consolidated from last year's two distinct divisions. In order to be eligible for the batting championship, the player must have at least 30 official times at bat. A walk is not considered an official time at bat. At the end of the season the player with the most home runs and the pitcher with the most victories will each receive a suitable memento. In addition it was decided that a Most Valuable Player award during league play would be offered. A committee of the seven team managers, President Doug Harris, League Stastician Clarence Buck and the umpiring staff of Bill Guest, Rune Ostling, Curly Hale and Jim Cumming was formed to make this selection at the end of the season.

All the teams are now equipped with

sweaters and if we can get a break from the weatherman there should be some high chess ball on display during the next few weeks. A league game which should be of interest to all will take place Friday night when the league leading Shift #1 nine defend their top rung position against the colourful salaried aggregation.

Bill Guest has his Terrace Bay All Stars lined up to do battle against a team from White River this Sunday evening at 6:15 p.m. The White River boys are all excellent ball players and will provide our team with some stout opposition.

The rumour around town is that the Softball Club are planning on having a real warm up for the Rosspport Fish Derby on the night of July 24th in the form of a Cabaret Dance. This may be the last of such dances to be held in Terrace Bay so keep that evening free.

SHIFT #1 was leading the Softball League up to and including June 7th, winning each of their three times out of 6 points. Three teams tied for runner-up spot with 4 points apiece were Shift #1, Maintenance and Salary. Shift #3 was fifth with 2 points while Townsite and Structural were winless.

E. Brady and E. Marositica were on top in the Big 5, each with a .666 batting average. E. Pineault was close behind with .642 while W. Borsum and R. Grishaber had .600 apiece.

Pineault's 9 hits included two homers. C. Haviland and R. Slattery have three doubles each. Too many players have one triple each, but when someone hits two we'll let you know.

P. Rapke and F. Whitfield lead the hurlers with 2-0 records. S. Zwaresh has the most strikeouts with 19 while W. Day has walked 14.

In last week's encounters, Shift #3 trounced Structural 13-2, Salary defeated Shift #2 14-11 and Maintenance trimmed Townsite 12-5.

Here are the statistics including June 7th games:

	W	L	PTS
Shift #1	3	0	6
Shift #2	2	2	4
Maintenance	2	1	4
Salary	2	0	4
Shift #3	1	1	2
Townsite	0	3	0
Structural	0	3	0
