ATTENTION PARENTS, ONCE AGAIN!

At a recent Accident Prevention Committee meeting, the dangers of our children playing on the streets was discussed. Although our supervised playground programme will help the situation considerably, there is still great need to educate the children that they should not play on the streets. There are sufficient playgrounds and park areas in our townsite, in addition to spacious back and front yards of our homes, for them to play in.

Your co-operation in this respect is earnestly solicited.
