PLAYGROUND PATTTER

All good things must come to an end sometime. But we want our Playground programme to end with a bang, not fizzle out. The children have accomplished quite a lot during the past two months - in games, crafts and less tangible assets. Now they want all you parents and interested friends to come out and see how a regular day is carried out at the Playground. Our Playground Finale will be held from 9-12 a.m. Thursday, August 27th. Don't disappoint the kids, show them they have your interest and support. We all want to see a really good turn-out!

Today the six and seven year old boys went on a hike and the others in the four to seven group had a doll and stuffed animal parade. On Tuesday, August 25th we have a trip to Dorion planned for the eight to thirteen's. This should be really interesting - and all-day trip, picnic lunch, games and a tour of the fish hatcheries.

Last week the older children were taken to Rossport, had a boat trip around the islands, a talk on the history of Rossport and inspected all corners of the lighthouse. Everyone enjoyed themselves and we take this opportunity to thank the men who drove us there making such an enjoyable outing possible.

We still have some clothes here that don't belong to us. And once again don't forget our Playground Finale.
