RECREATION NEWS

Now that the Recreation Committee is renting the Auditorium from the Continuation School Board for all evening and week-end hours that the hall is not required for scholastic purposes, the old Auditorium Committee will cease to function. Instead of directing your requests for space to Dave Locking, you are now requested to contact Ossie Dalzell.

Inasmuch as we will not have the use of our meeting rooms in the Recreation Centre until later in the year, the Continuation School Board has also extended the use of the Activity Room in the school to us, under the same conditions as the Auditorium.

SKATE EXCHANGE

Owing to the number of requests from parents for skates during the past two weeks, The Home and School will sponsor another exchange this Saturday morning at the Public School, between the hours of nine and twelve.

If you have any skates for sale, bring them along. We will either sell them, or return them to you. If you wish to leave skates with us after the exchange, we will try to locate a buyer during this month.
