Smith, CUNA of Hamilton, Ontario.

Mr. Smith gave a most interesting talk on the growth of the Credit Union stating that there were 18,000 Unions in North America, 4,000 being in Canada and nearly 1000 in Ontario alone. He stressed the need of each Credit Union to bring itself before the people of the community, to extend willing credit to its members and drive for new members. He also expressed the desire to, see more women become shareholders. In his twenty years of experience he has found that Credit Union members are honest borrowers, only about 2% of all debts being bad. This is a record seldom duplicated by most financial houses.

Mr. Smith expressed thanks on behalf of all Credit Unions and himself for the co-operation of management in credit union work, and asked for continued good relations.

Following the adjournment, a lunch was served by the wives of several of the members.

FIGURE SKATING

With the coming of the fair weather attendance at our Sunday Figure Skating sessions in Schreiber continue to be exceptionally good. In all, 65 children took advantage of the above zero weather to don their skates last Sunday for 4 hours of fun and skating.

Due to a hockey game this coming Sunday, skating will be from 10:00 a.m. to 2:00 p.m. Transportation is available from the Public School at 9:30 and 10:30 a.m. We might mention again, that anyone wishing to offer their services to drive skaters to and from Schreiber, are asked to contact Art Reynolds who is in charge of the transportation problem.

As mentioned in a previous issue of the "News" we have written to Toronto for films on the Art of Figure Skating, and it is anticipated that they will be available some time next week. Therefore, all skaters are urged to attend all skating sessions both in Schreiber and here at the local rink on Tuesdays and Thursdays, so they may be kept well informed as to when these films will be shown. The films are exceptionally good and feature Barbara Ann Scott, demonstrating Figure Skating from
