SHIFT 2 - MAINTENANCE

In the first game of last nites House League Hockey at the Schreiber Arena Shift 2 met with Maintenance - Service in a hard-fought game. The final score Shift #2 - 5 and Maintenance - Service 2, and this pretty well was indicative of the play. Shift 2 built up a commanding 5-0 lead on goals by "Beaker" Rowley, "Clipper" Kulcheski(2), "10%" Marostica and "Pills" Waghorn. "Eagle Eye" Falzetta in the net for Shift 2 played a brilliant game, particularly in the third period when Maint. Serv. put on the pressure. The boys from the Machine Shop and Service Depts. were rewarded for their efforts when Les Legault, demonstrating some of his old time stick handling, fired one in. This was quickly followed up with a goal by "Chick" Janicki on a fast breakaway. His run, in foot, carried him right into the net after the puck. First score 5-2 favour of Shift 2.

TERRACE BAY BANTAMS DRAW AT NIPIGON

To the one hundred and fifty fans, on Sunday who remained after the Senior game goal avalanche went the treat of seeing two evenly matched teams give and take their best. It was a good bantam hockey game with Nipigon holding the driver's seat as their Star T. Atwill bagged two goals before the local boys untracked themselves. To the crowd and one referee they had to do this twice as the referee - in - chief called back their first goal when it went in off A. DeJohne's skate. Then came their first official counter when the Boudreau to Harvey to Sevens combination flipped the old boot heel behind Willan. Fast end-to-end rushes by both teams tested the goalies and Little beat a Nipigon break-away of two players with a beautiful save.

It was a see-saw affair in the second canto with the local boys turning on the heat in the latter part to tie matters up. This was a pretty effort by stalwart defence-man Adamo who snaked his way from his own goal passed most of the Nipigon team to their goal mouth. From the mix-up that followed Gille Leblanc picked up a rebound which he slapped home.

The final period saw the boys from the Bay take the play away from their opponents. This back fired temporarily when a loose puck was banged into the local boys net by one of their players. But with play almost continually inside the Nipigon blue line Adamo blazed a high one that caught the upper net corner. The remainder of this period saw Nipigon hanging on desperately to keep the local boys off the score sheet with the winning tally.

It was cleanly contested game with one penalty to each team. The local team showed better team work and did some fine work on the defense.
