

LICENSE DEADLINE IS NOW FEBRUARY 28th

Highways Minister George H. Doucett announces that an extension of time for purchasing 1954 motor vehicle licences and driver's permits has been made to February 28th. The extension is given, Mr. Doucett said, because of bad weather conditions and accompanying slowness of motorists to purchase the permits during January.

It is estimated only 350,000 of the Province's 1,400,000 car and truck owners have secured the new plates, and only 450,000 of the 1,650,000 drivers have renewed their licences.

ST. VALENTINE'S DANCE A SUCCESS

On Friday February 12th, 1954 over 200 people attended and enjoyed the Hockey Association's St. Valentine Dance. Music was supplied by Joe Adamo and his band. Tables were available and they were decorated for the occasion. From all reports a good time was had by all.

The draw was made for the Sunbeam Mixmaster and Ralph Cole was the lucky winner.

The Hockey Association would like to thank everyone who purchased tickets and thus help to finance all hockey in Terrace Bay.

CONTINUAL WAR AGAINST FIRE

Let us, therefore, not be negative in the face of a great danger - let us not allow ourselves to think that fire is an enemy which must always be at our door, and that all we can do is to defend ourselves against it, when it comes. Let's be positive. There must be a constant state of warfare against fire. It is not just a case of defence - our answer must be attack, attack, attack. Therefore, may I say this to you - "Let us joint together in a crusade bringing comfort to the millions and harm to none, let us fight our known enemy - fire.
