## MEN'S CHORUS 1ST ANNUAL CONCERT A HIT

Last Friday, May 21st the High School Auditorium was well packed with an enthusiastic audience who obviously enjoyed the Men's Chorus 1st Annual Concert. The Chorus was under the direction of Miss McAdam.

The range of selections by the chorus was quite varied. The selections concluded on a happy note. The Chorus was called upon for three encores.

The first concert was a big hit with the audience who undoubtedly will be looking forward to their concert next year.

Members of the Terrace Bay Men's Chorus and their wives enjoyed a delightful lunch after the concert last Friday evening Mr. Norman Klevin, conductor of the Fort William Male Choir, and several choir members who attended the Terrace Bay concert were guests. The Men's Chorus presented Miss McAdam with a number of phonograph records in appreciation for her services as conductor. They also gave Ray Husband a pen and pencil set for his work as accompanist.

We have been advised that tickets to the "Big Sing" in Fort William on June 5th are just about impossible to obtain in the Lakehead. Bob Shirriff has a supply of tickets for any Terrace Bay people who may want to attend. He has agreed, however, to return any unsold tickets by June 2nd. So, if you plan to attend this "Sing", see Bob for a ticket before June 2nd.

## FIRE PREVENTION NEWS

### STOP! LOOK! AND LISTEN!

Stop look and listen are familiar words to all of us. We see them on railway signs everywhere.

Let's all apply them to ourselves - Stop fires, Look out for fire hazards and listen to the Radio messages about the great loss of life by fire. Everyday we head or read about them. Let's do our part by:

Stop, Look and Listen Fire Prevention is Big Business.

## MUNICIPALITY NEWS

### WATER HEATERS TO GO ON FLAT RATE

At the Improvement District Meeting on Wednesday, May 26th it was decided to place all townsite water heaters on a flat rate rather than on the present meter rate.

The following domestic rate comparisons apply :

#### Present Rate

40KWH @ 3.5¢, 180 @ 1.6¢ Balance @ 0.75¢  
Service Charge 56¢.

#### New Rate

60KWH @ 2.7¢ Balance @ 1.0¢ 35¢ per installed 100 watts for water heater.

The new rates and the flat rate for water heaters will result in a reduction in cost of power to domestic consumers.

#### Flat Rate for Water Heaters Will Be

500 Watt Heater \$1.75 per month  
1000 Watt Heater \$3.50 per month  
2000 Watt Heater \$7.00 per month

#### Budget

For the fiscal 1954 has not yet been approved by the Department of Municipal Affairs.

#### Town Roads

In 1953 \$1900 more than was in the approved budget was spent for road service in Terrace Bay. This amount was more than the Department of Highways had approved in last years budget in which their 50% subsidy would apply. However, notification was received that the Department of Highways agreed to pay their 50% subsidy on this \$1900.00. Result a saving of approximately \$900.00
