BASEBALL TEAM TO MARATHON

Our newly re-organized baseball (hardball) team has been practising regularly, and will be out there again tonight at 6:00 p.m. in an attempt to get into real playing form to take on the highly-rated Marathon team in Marathon at 2:00 p.m. on Sunday.

Under the capable guidance of Coaches Phil Stuart and Dan Gillis, the team looks like it will develop into a powerful squad. This year the accent is on youth, with some of the "old-timers" acknowledging the fact that they are "over-the-hill".

Some of you baseball fans who are not doing anything on Sunday, should take a jaunt down to Marathon and support the lads in their efforts to bring more prestige to Terrace Bay.

NEXT LIMERICK DEADLINE JUNE 15TH

Deadline for entries in the 5th Safety Limerick Contest is June 15th. An entry blank is attached to this copy of the News. It only takes a few minutes to find a line that could win as much as \$100.00. Don't put it off. Fill in that entry blank NOW and then deposit it in one of the boxes at the mill or Townsite Shopping Centre. Les Pryor of the Pulp Department has now won 3 prizes in the National Safety Council Contest. All entries submitted locally which meet the required standards are forwarded to Chicago for judging in each national contest.

DRIVING

Driving, like carrying a concealed weapon, is a privilege subject to control for the public good. And, since good drivers are made, not born, it is self-evident that unless an individual with the proper physical, mental and nervous systems receives adequate training and uninterrupted experience, that person cannot hope to be a good driver.

In any activity, rules are evolved through trial and error to afford every participant a fair break and equal protection. The fellow who chisels on them is universally branded as a poor sport. More knowledge of traffic regulations means little if you don't obey them. Good eyes and keen hearing will not help you much if you don't use them every second of the time you're driving.
