LARGEST CIRCULATION IN TERRACE BAY

July 8, 1954.

MARCIANO - CHARLES FIGHT PICTURES HERE FRIDAY

We are very fortunate in having the Marciano-Charles fight movies in this area for other purposes and have taken the opportunity of arranging to have them shown in the Auditorium tomorrow (Friday) night. These pictures run about twenty minutes and show rounds 1-4-6-10 and 15. The balance of the program will feature a sports film. The showing will take place as soon after the scheduled softball game as is possible. This will certainly not take place before 8:30 p.m.

According to all press reports, this fight was one the "slug-fests" of the century and should prove well worth seeing. An admission charge of .25 for Adults (includes students working for the summer) and .15 for Children, will be charged to help defray rental charges on the film.
